

AWESOME: Brett and Kara Reynolds receive the keys to their new Little Creek home from Irwin Homes manager Steve Preston. PHOTO: CONTRIBUTED

No deposit makes all the difference

Little Creek helps couple build dream home

By **BRETT AND KARA REYNOLDS**
New home owners at Little Creek

WOOHOO is what we think with \$0 deposit. It is so much easier than we could have ever imagined.

Only six months ago we saw all the signs advertising \$0 deposit at Little Creek and phoned up and today we are getting the keys to our own home handed over.

Brett said: "I saw the \$0 deposit signs everywhere and I kept putting it off until my wife kept hassling me and I had no choice but to phone up and Steve and the team at Irwin Homes just made it so easy for us."

We arranged a meeting with Steve, he explained the process, every last detail, and then

a couple of days later we had our approved application back – we had just been approved to build our own home in three days.

We sat down and chose our house design and then

“We are no longer stuck renting and paying someone else’s mortgage...”

changed it to suit what we wanted. We have a fully customised kitchen.

Irwin Homes has built us such an awesome final product and it’s crazy to think that just nine weeks ago the slab was being laid and now we have a

truck full of things that we are moving in here.

We know first-hand what \$0 deposit looks like from the outside, you think it’s too good to be true, or that there must be a catch, but we are proof that there are no catches or hidden agendas, it is exactly what it says.

We are no longer stuck renting and paying someone else’s mortgage, we have our own home now and I don’t think we could have ever done this if we didn’t use \$0 deposit at Little Creek.

We love the parks here and the quiet, my son can finally pin posters up in his own bedroom and his best friend lives next door. There is a real sense of community here, we love it.

Our advice to anyone in our situation is just make the call, just give it a go.
